Messrs. E. O. Hall & Son, Honolulu.

Gentlemen:—Yours of February 9th to hand, inquiring how I liked the fuel "Energine." I would say that this fuel after eight months use has given me entire satisfaction, and has proved to be all that is claimed for it. My average per gallon of "Energine" is twenty-five miles, with gasoline it was about fifteen miles. The beat run I have made with "Energine" was twenty-nine miles to a gallon, this run was made under very favorable conditions. What pleases me most, is the increased power which "Energine" gives, hills that my runabout would only take on the low speed with gasoline, now takes them on high speed with no trouble. The spark plug has been in service for the past six months and has never given me one moment of trouble. I took it will the other day to show a gentleman from Honolulu, and he was surprised at its perfect condition. I cheerfully recommend the above fuel to all users of autos.

Yours very truly. JOHN A. HOGG, Manager Kauai Telephone Co.

PASSENGERS ARRIVED. W. C. WALL TOOK THE HALL SON CUP—PLEASANT DAY ON THE GUN CLUB'S RANGE.

The fifth semi annual cup shoot of the Hawaiian Gun Club was held at its model range in Manoa vailey yenterday. On account of counter attractions the list of members present was limited, although a record number of visitors were present all being gun enthusiasts, to the extreme.

The weather was not to the best advantage to the gunners, the wind blowing in irregular guests down the vailey, causing the clay saucer-like targets to take a very uneven flight.

The house committee, composed of dell and wife, Contract Dental Surgeon, U. S. A.; Elmer McDaniels, Veterinary Surgeon and wife; Mrs. I. J.
